

The Clean Energy Ministerial (CEM10) and Mission Innovation (MI-4)

Hosted by the Government of Canada

—

Vancouver Convention Centre, West

May 27-29

**What is CEM 10/
MI-4?**

The Government of Canada is proud to host the 10th annual Clean Energy Ministerial (CEM10) and 4th annual Mission Innovation Summit (MI-4) in Vancouver, Canada in May 2019. Energy ministers from 25 countries will gather at this exciting summit to accelerate clean energy innovation around the world.

Australia • Brazil • Canada • Chile • China • Denmark • European Commission • Finland • France • Germany • India • Indonesia • Italy • Japan • Korea • Mexico • Norway • Russia • Saudi Arabia • South Africa • Spain • Sweden • Netherlands • United Arab Emirates • United Kingdom • United States

**Clean Energy
Ministerial**

The Clean Energy Ministerial (CEM) is a forum for federal energy ministers from 25 of the world's leading economies to promote policies and programs that advance clean energy technologies. Member economies account for approximately 90% of global clean energy investment.

**Mission
Innovation**

Mission Innovation (MI) is a global initiative of 23 countries and the European Union to accelerate global clean energy innovation and encourage private sector investment in transformative clean energy technologies.

CEM10/MI-4 | VANCOUVER, CANADA | cem-mi-vancouver2019.ca

The Innovation Showcase

A key component of CEM10/MI4 is the Innovation Showcase, featuring dynamic exhibits, presentations and activities that will elevate global knowledge around clean energy technologies, services and programs from Canada and abroad.

A Presentation Theatre featuring relevant program and press announcements will further engage the business community, government media and civil society over the two days the showcase is open to the public.

Exhibit your product or service on a global stage

Market your product & service to a powerful group of potential partners + investors

- Ministers and their delegations
