Average number of founders per company		73	2.59	16	2.56	120	2.32

¹ Data represents calendar year 2017 (January 1, 2017 to December 31, 2017).

² Results represent pure play clean technology companies (this excludes value-added resellers, integrators, distributors or resellers of products manufactured by others; firms that manufacture, service, implement, integrate, or consult solely in respect of technologies or systems developed by other firms; and research arms of major energy companies).

³ Survey results only.

⁴ Missing provinces and regions (Quebec, British Columbia) to be added in subsequent years.

⁵ Atlantic Canada survey represents: Newfoundland and Labrador, Nova Scotia, Prince Edward Island, and New Brunswick.
